

# Community Engagement Project Grants

The Office of Community Engagement is pleased to present this new funding opportunity designed to promote research and creative projects that support FAU's local and global communities. The purpose of these grants is to provide financial assistance to faculty and staff involved in Community Engaged Research (CeR) projects.

Proposals are sought from faculty and/or staff engaged with community partners in developing projects that have the potential to significantly impact or solve societal issues. The projects should be guided by the principles of Engaged Research, ensuring *"mutually beneficial exchange of knowledge and resources in a context of partnership and reciprocity."*

## Eligibility:

Faculty and staff with full time appointments working collaboratively with community partners may apply.
