There are two elective courses available to students interested in the field of child welfare. Our faculty have noted that students are better prepared for SOW 6653: Vulnerable Children and Families, when they have already taken the other, SOW 6656: Child Welfare, having had the opportunity to become familiar with the system as a whole. We are thus requesting to change SOW 6653 to a course requiring SOW 6656 as a pre or co-requisite.
