Students who have not completed any upper-division accounting coursework may participate in the program if they have achieved a minimum overall GPA of 3.3 and a minimum score of 80 percent on the accounting competency exam. Each of the honors compacts have established

requirements and include written memos, summaries and/or reports and may include individual and/or group assignments. Students who successfully complete the honors compact will be awarded honors credit for the course. Honors compacts will not be available during the summer term.

A capstone experience will be available for students when they are within 12 months of completing the undergraduate degree requirements. The capstone experience consists of a case analysis and presentation.

To be eligible to graduate with undergraduate honors, students must achieve an overall GPA of at least 3.0 and an Accounting GPA (upper-division ACG and TAX courses) of at least 3.0, earn honors credit for at least five upper-division accounting or tax courses and successfully complete the capstone experience.
