	Department Marine Science and Oceanography College Science		
Program Name MS Marine Science and Oceanography	Effective Date <small>(TERM & YEAR)</small> Spring 2018		
Please explain the requested change(s) and offer rationale below or on an attachment For the first year of the program we would like to add a Spring enrollment (Spring 2018) with an application deadline of October 15th, 2017. This will allow us to grow the cohort of students joining in the first year. The program was approved in 2017, we were able to advertise and enroll some students but the short time frame limited this number; we have additional students who will join in the Spring 2018 semester. After this year we will follow the original model of students joining only in the Fall semester.
