ACADEMIC POSITIONS

Florida Atlantic University

Professor of Criminology and Criminal Justice, 2013 to present

Associate Professor of Criminology and Criminal Justice, 2009 to 2013

Undergraduate Coordinator, School of Criminology and Criminal Justice, 2010 to 2012

Assistant Professor of Criminology and Criminal Justice, 2004 to 2009

Cyberbullying Research Center

Co-Director, 2005 to present

Description: The Cyberbullying Research Center (<http://cyberbullying.org>) is dedicated to providing up-to-date information about the nature, extent, causes, and consequences of cyberbullying. It is intended to serve as a data-driven clearinghouse related to adolescent use and misuse of technology for researchers, educators, law enforcement officers, attorneys, counselors, and other youth-serving adults. The Center provides facts, figures, and detailed stories from those who have been directly impacted by online aggression. In addition, it includes numerous resources to help prevent and address cyberbullying incidents.

Center for Cryptology and Information Security

Faculty Member, 2012 to present

Description: The Center for Cryptology and Information Security (CCIS) is dedicated to original, cutting-edge research in cryptology and information security. The center is also dedicated to education and training of research students and information technology professionals. The center seeks and promotes collaboration with information technology industries of our region, and with federal and state government departments in the areas of information security. CCIS was established in the Fall of 2003 as a FAU College of Science center with funding provided by a Federal Earmark, and is by now founded on the unique strengths of cryptology and information security specialists in four different colleges of FAU. The center is affiliated with the InternetCoast Institute (ICI).

Berkman Klein Center, Harvard University

Faculty Associate, 2020 to present

Description: The mission of the Berkman Klein Center (BKC) is to explore and understand cyberspace; to study its development, dynamics, norms, and standards; and to assess the need or

lack thereof for laws and sanctions. As an interdisciplinary, University-wide center with a global scope, BKC has an unparalleled track record of leveraging exceptional academic rigor to produce real-world impact. We pride ourselves on pushing the edges of scholarly research, building tools and platforms that break new ground, and fostering active networks across diverse communities. United by our commitment to the public interest, our vibrant, collaborative community of independent thinkers represents a wide range of philosophies and disciplines, making us a unique home for open-minded inquiry, debate, and experimentation.
